1. Weight not including truck mount, 40-80 lbs. typical weight, \*not including shoes
2. Two ribs are diagonal.

# SNOWDOGG SNOWPLOWS

## MD Series

The MD plow takes all the great features of the EX series and puts them on your SUV and light duty truck.

*Typical Application:  
1/2 Ton, 3/4 Ton,  
Light Duty Trucks & SUV's*

**Half the weight, all the quality.**

- The standard HT300 power unit for ease of service, reliable and fast performance.
- The same aggressive curvature and attack angle as the HD/EX series
- The same easy to use foot pedal mounting & adjustable jack mechanism.
- Super bright plow lights with double stud mounts
- Standard 3/8" cutting edge
- Brushed stainless moldboard
- Standard cast iron plow shoes
- Standard poly deflector

**SEE PAGE 193 FOR COMPLETE SNOWDOGG PLOW SPECS**

## VMD Series

The SnowDogg® VMD series puts the power and versatility of our VX series plows into a package designed for 1/2 Ton plow prep trucks.

*Typical Application:  
Plow Prep. 1/2 Ton Trucks*

**FLARED WINGS!**

**The highest quality components for unmatched durability and performance.**

- Laser Cut Steel Ribs w/ 2" Cross Tube & HD Channel.
- Easy to use over center linkage operated locking pins with foot pedals.
- Lift Arm - 35° travel provides exceptional snow stacking.
- Trip Edge Design for smooth plowing over obstacles.
- 3/8" Cutting Edge with Replaceable Hardened Center Edges.
- Powerful, dual beam halogen plow lights with secure double post mounts
- Tough stainless steel corrosion-free moldboard
- 70° Attack Angle

**CALL R H SCALES CO. FOR YOUR BEST QUOTE ON SNOWDOGG PLOWS!**

# SNOWDOGG SNOWPLOWS

## HD/EX Series

70° attack angle for excellent scraping, rolling and throwing action

Typical Application:  
3/4 Ton, 1 Ton  
and Super Duty Trucks

**The highest quality components for unmatched durability and performance.**

- Stainless steel corrosion free moldboard
- 1/4" Laser cut steel ribs
- Covered power unit and hydraulics
- Quick attach/detach mounting
- Lift Arm - 35 degree travel provides exceptional snow stacking
- 4 Stress-optimized trip springs
- Contoured lift frame
- Adjustable/removable jack stand

**Features  
& Benefits**

**SEE PAGE 193 FOR COMPLETE SNOWDOGG PLOW SPECS**

Typical Application:  
3/4 Ton, 1 Ton  
and Super Duty Trucks

## TE Series

The SnowDogg® TE Series Plows bring the best of the HD/EX Series to a reliable trip edge design.

Trip edge mechanism keeps the snow in front of your plow. Smooth tripping action.

**Trip Edge Plows!**

With snow deflectors, and a heavy-duty cutting edge included as Standard items, the SnowDogg TE plow will take care of you.

**CALL R H SCALES CO. FOR YOUR BEST QUOTE ON SNOWDOGG PLOWS!**

# SNOWDOGG SNOWPLOWS

## VX Series

The VXF takes the toughness and reliability of the EX Series and puts it in a V-Plow.

Regenerative hydraulics give you the speed you need.

Double-acting cylinders mean REAL back dragging is standard.

The trip edge mechanism ensures smooth operation.

**Reliable and heavy duty for larger trucks.**

**10 feet of plow in an 8 foot package.**

## XP Series

**Hydraulically expanding wings add a full 24" to your plowing width**

- Rugged center moldboard construction spreads loads across components not connection points
- Simple hydraulics with full size SAE cartridge valves and oversized 3/8" hoses
- Forward 20° scoop provides excellent snow pushing action and still allows for flawless throwing while windrowing.
- Adjust your width on the fly for driveways or narrow spots.

*Typical Application:  
3/4 Ton & Larger Trucks*

**Features  
& Benefits**

**SEE PAGE 193 FOR COMPLETE SNOWDOGG PLOW SPECS**

## CM Series

### Commercial/Municipal CM100 Snow Plow

- Brushed finished stainless steel moldboard
- Heavy duty 48" x 4" square sector with six 1/2" trip ears
- Massive, robotically welded 3/8" plate sector construction
- Tall moldboard with aggressive curvature & overhang for excellent throwing action
- Super-Duty 12" belted deflector
- Foot pedal operated mounting for easy removal
- Super bright plow lights with vibration resistant double stud mounts
- 5/8" heavy duty cutting edge
- Cast iron heavy duty shoes
- Fluorescent orange blade guide kit
- Integral hydraulics or central hydraulic option

**Typical Application: Medium Duty Trucks,  
14,000 - 27,000 GVWR**
