TracONE™ Universal Truck Rack
800 lbs

TracONE™ is a one size fits all truck rack. Constructed of the same high quality materials as our more advanced racks, the TracONE™ is the perfect rack for those occasions when you need to carry ladders, kayaks or other long items that just won't fit in your truck bed. Installing in less than an hour using our no-drill single axis clamp system, this rack is the best value on the market.

- Adjustable Loop Tie Downs Secure Load
- Aerodynamic And Quiet Damage Free Installation
- Includes Aluminum End Caps
- Internal Web Structure For Increased Strength

Cantilever Rack Extension

The TracRac Cantilever Extension mounts to the crossbars and provides 32 additional inches of protection for your cab. The genius of this system is that it still allows for all of the flexibility of the Sliding TracRac System while protecting your cab from potentially unstable loads.
 ** For TracRac Sliding Rack System Only (42000 Series)

- Cantilever Extension Exclusively for the TracRac G2 Rack System
- Provides Additional 32" of Protection Mounts to G2 Cross Bars

Parts & Accessories

TracRac offers Toolbox Mount Kits, Crossbar & Baserail Tie-Downs and Load Stops, Locking TrackKnobs and Cantilever Cab Protection.

ALUMINUM ARCHED LOADING RAMPS

Safely and conveniently load up your truck with up to 1,500* pounds with Arched Loading Ramps.

#25712183

- Solid aluminum construction
- 84 in. x 11 in. x 2 in. each ramp
- *1,500 lb. capacity per pair
- 750 lb. capacity each ramp
- Heavy-duty mono threshold bar
- Includes safety straps
- Sold as a pair

ALUMINUM FOLDING TRACTION-PLATE SKINNED ARCHED LOADING RAMPS

Load up your truck with up to 1,500 pounds* with Arched Aluminum Folding Ramps.

#25710066

- Solid aluminum construction
- 86 in. x 11 in. x 2 in. each ramp
- *1,500 lb. capacity per pair
- 750 lb. capacity each ramp
- Includes safety straps
- Sold individually

ALUMINUM TRI-FOLD EXTENDED RAMPS

Load up to 1,500 pounds* of evenly distributed load with an Aluminum Bi-Fold Loading Ramp. Longer length creates less slope for loading.

#25710046

- Solid aluminum construction
- 91 in. x 60 in. x 2 in. extended
- *1,500 lb. total capacity
- 500 lb. capacity each panel
- Great for loading 4-wheelers
- Includes safety strap for secure loading

ALUMINUM FOLDING ARCHED RAMPS

This Folding Arched Ramp Pair has a 1000lb.* load capacity and extends to almost 90 inches.

#25710051 Single Ramp

#25710065 Pair of Ramps

- Solid aluminum construction
- 86 in. x 11 in. x 2 in. each ramp
- *1,500 lb. capacity per pair
- 750 lb. capacity each ramp
- Patented Hinge Design for Easy Folding and Transport

BLACK STEEL CENTER FOLDING RAMPS

Safely and conveniently load up your truck with up to 1,500 pounds* with Steel Center Folding Ramps.

#25710067

- Solid Steel construction
- 80 in. x 11 in. x 2 in. each ramp
- *1,500 lb. capacity per pair
- 750 lb. capacity each ramp
- Includes safety straps
- Sold individually

ALUMINUM TRI-FOLD FOLDING RAMPS

Load up to 1,500* pounds of evenly distributed load with an Aluminum Tri-Fold Loading Ramp.

#25712193

- Solid Aluminum construction
- 69 in. x 60 in. x 1.25 in.
- *1,500 lb. total loading capacity
- 500 lb. capacity per panel
- Great for loading 4-wheelers
- Includes safety strap for secure loading

ALUMINUM RAMP-IT ENDS

A great alternative to manufactured ramps. Easy to assemble, it has a 700lb. capacity (not including boards).

#07200

- 700 lb. loading capacity (not including boards)
- A great alternative to manufactured ramps
- Great for loading all types of equipment
- Easy to assemble
- Fits 2 in. x 8 in. boards
- Sold individually
