WeatherTech®

FLOORLINER™ DIGITALFIT®
Digital laser measurements of interior surfaces offer a consistently perfect fit. A patented tri-extruded composition allows for a rigid core for strength while offering surface friction to the carpet, as well as tactile feel to the surface. The FloorLiner™ advanced surface design has channels that carry fluid and debris, away from shoes and clothing, into a lower reservoir. The lower reservoir uses additional channeling to minimize fluid movement while driving. Once fluids become trapped in the reservoir, they are easily removed from the WeatherTech® FloorLiner™ over the door sill…
No muss – No Fuss!

WeatherTech®

CUSTOM ALL WEATHER FLOOR MATS
Deep channels direct fluids into a lower reservoir where they stay until removed. Dirt brought into the vehicle is also held in this reservoir, below your shoes & pants.
Our All-Weather Floor Mats also have anti-skid ridges to prevent shifting in your vehicle and come with a protective, non-stick finish to make cleanup quick and easy.
WeatherTech® All-Weather Floor Mats meet FMVSS302 and are manufactured to ISO 9001 standards, your assurance of quality. Choose from Black, Tan or Grey to complement virtually any interior color.

Rear mats are designed to be trimmed so that they may be customized to fit almost any vehicle. Please take your old floor mats out before installing your new WeatherTech® floor mats. All-Weather Floor Mats were intended to give the best possible protection for your vehicle floor

WeatherTech®

SIDE WINDOW IN-CHANNEL DEFLECTORS

WeatherTech® Side Window Deflectors offer fresh air enjoyment with an original equipment look. They are crafted from the finest 3mm cast acrylic material available.
Installation is quick and easy, with no exterior tape needed. WeatherTech® Side Window Deflectors do not stick to the outside of your vehicle. They install inside the window channel. These low profile window deflectors help to reduce wind noise and allow interior heat to escape, even when it is raining.

MUDFLAP NO-DRILL DIGITALFIT®

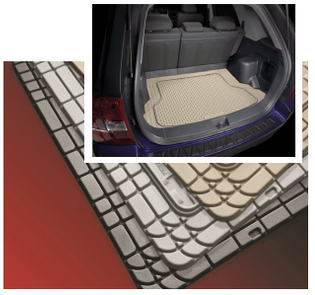

Featuring the Patent Pending QuickTurn™ hardened Stainless Steel fastening system. The WeatherTech® No-Drill MudFlap set literally "mounts-in- minutes™" in most applications without the need for wheel/tire removal, and most importantly - without the need for drilling into the vehicles fragile painted metal surface! Contoured specifically for each application and molded from a proprietary thermoplastic resin, the WeatherTech® No-Drill MudFlap will offer undeniable vehicle protection. Simply, a Perfect DigitalFit®

CUSTOM CARGO LINERS

Made from a proprietary custom blended TPE that is not only wear resistant, but also remains flexible under temperature extremes. The WeatherTech® Cargo Liner features a textured finish which helps to keep cargo from shifting, and is perfect for hauling just about anything from gardening supplies to construction materials. Protect your investment with a WeatherTech® Cargo Liner.

Quality built in America, Choose from Black, Tan or Grey to complement virtually any interior color. Available for car trunks, minivans, crossovers and SUV's

AVM® TRIM-TO-FIT™ FLOOR MATS AND UNIVERSAL CARGO MATS

The WeatherTech® AVM® (All-Vehicle Mat) is the evolution of the “Universal” All-Weather Floor Mat. As such, it is the most technologically advanced universal trim-to-fit mat made today as it has a unique shape for the driver and passenger floor. AVM® All-Vehicle Mats have tall outer ridges and channels to help guide fluids to the lower half of the mat where a reservoir traps fluids and debris - away from your feet and clothes. The AVM® is made from an advanced thermoplastic elastomer (TPE) that is odorless, non-toxic and stays flexible in the coldest of temperatures. Enhancing safety, the AVM® feature the patented MatGrip® retention device as well as molded-in nibs that add security to the mat-to-floor interface. Available in black, tan or grey

SUNROOF WIND DEFLECTORS

The WeatherTech® Sunroof Wind Deflector gives you an excellent reduction of in-cabin wind noise and air turbulence! It is crafted from the finest 4mm thick, tinted cast acrylic. Our sunroof deflector fits the sunroof opening precisely, and is held securely in place with the MagiClip™ vehicle specific fastening system.
To protect your vehicle's finish, the unique AirCushion™ gasket seals the edge of the deflector. WeatherTech® Sunroof Wind Deflector's sleek and sophisticated look is a great addition to any vehicle. Let the fresh air in®

WeatherTech®

PET BARRIER

Keep those paws and claws off the upholstery. The WeatherTech® Pet Barrier is adjustable, expandable and keeps pets safely in the rear of your vehicle

The heavy-duty 5/8" diameter telescopic tubing installs easily without tools or drilling. The barrier adjusts vertically and horizontally to suit any vehicle and any pet. "No-Mar" rubber coated components protect your interior and ensure a rattle-free installation. An optional extension is available for minivans, or vehicles with folding seats.

Tubing Size: 1/2", 5/8" & 3/4" Steel Spacing: 3-3/8" between bars
Maximum Height (without extension): 42" Maximum Height (with extension): 51"
Maximum Width: 66" Minimum Height: 30" Minimum Width: 39"
